Background

To better understand the context of the Resolutions before this 2015 Provincial Synod, it is helpful to know a summary of their historical background.

The March, 2003 Anglican Church of Canada Aboriginal Schools Settlement Agreement and the events attendant on it forms a convenient start point for the background to this examination of governance. The event created a near catastrophic change in the governance structures of the ACC. This event is exemplified by the joint decision of the General Synod and the Provinces that the Province of Canada should adopt the following contemporaneous fail-safe legislation in the event the General Synod failed to survive the legal action arising out of its involvement in the education of Canada's Aboriginal young persons:

The Ecclesiastical Province of Canada
Canon 6 Canons of the General Synod

1. The Provincial Synod accepts all enactments of the General Synod and particularly accepts the application of the following Canons to the Ecclesiastical Province of Canada:

Canon XII Continuing Education Plan

Canon XIII Deaconesses

Canon XIV The Book of Common Prayer

Canon XVII The Licensing of Clergy

Canon XVIII Discipline

Canon XIX Relinquishment and Abandonment of the Ministry

Canon XX The Supreme Court of Appeal

Canon XXI Of Marriage in the Church

Subsequent to this, the General Synod determined that it should undertake a fundamental examination of its governance structure, including its relationships with the Ecclesiastical Provinces.

In 2007, The General Synod adopted the following Resolution:

That the Primate, after consultation with the House of Bishops, be requested to initiate discussion with the provinces and dioceses of the Anglican Church of Canada regarding:

1) the possible reform of the provincial organization of the Anglican Church of Canada, and, in particular, whether the effectiveness and efficiency of the Anglican Church of Canada would be significantly improved by:

a) entirely eliminating the four provinces from the organizational structure of the church and transferring the powers and authority the provinces presently hold to the General Synod, or

b) maintaining the existing provincial structure for some part of its present purpose and transferring part of provincial power and authority, for example part or all of provincial legislative authority, to the General Synod, or

c) reorganizing the dioceses into groupings with greater common goals, concerns, needs and interests than the collections of dioceses forming the existing provinces.

2) the possible reform of the diocesan organization of the Anglican Church of Canada, in particular by:

a) adjusting diocesan boundaries to reflect modern transportation patterns and population shifts created by social and economic changes,

b) reducing of the number of dioceses within the Anglican Church of Canada,

c) implementing any other change that might improve the effectiveness, efficiency, or economy of the operation of dioceses.

Following consultation between the General and Provincial Synods, the Provincial Council adopted the following Resolutions in September 2007

Resolution (Motion 11)

That Provincial Council direct the Provincial Executive to explore options to enhance the governance of the Ecclesiastical Province of Canada and to report back to the 2008 meeting of the Provincial Council.

Motion Carried.

And, again in September 2008, the Provincial Council adopted the following Resolution:

Resolution (Motion) #7:

That this Council appoint five members to form a working group to explore new ways of being the church in Eastern Canada as a means of helping us to more readily accomplish Christ's mission. This working group will report and make recommendations to Provincial Synod in 2009.

At its September 2009 Synod, the following Resolution was adopted:

Resolution (Motion) # 23:

That this Provincial Synod request the Metropolitan, with the advice of the Provincial Executive, to establish a Task Force to identify how the Province and each of the Dioceses may implement the deliberations of this Synod on internal governance, on the relationship of Provincial Synod with General Synod and with the diocesan synods, and how they may address any civil legislative issues that may arise from time to time and which may affect the Province or any of the Dioceses.

This PCGTF submitted its report to the 2012 Provincial Synod in Montreal and its work formed the basis of Resolutions 17, 18 and 19 of that 2012 Synod.
