

I have verified the financial statements of the Synod of the Ecclesiastical Province of Canada, for the period ending August 31, 2012.

I conducted my verification in accordance with generally accepted verification standards. Those standards require that I plan and perform sufficient examination to obtain reasonable assurance that the financial statements are free of material misstatement. This verification includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. It also includes an assessment of the accounting principles used, as well as an evaluation of the overall financial statement presentation.

In my opinion, these financial statements present fairly, in all material respects, the financial position of the Synod as at August 31, 2012 and the results of operations for the period of September 1, 2009 to August 31, 2012 in accordance with generally accepted accounting principles.
